## LITERARY DEPARTMENT HOLDS FINAL SESSION

High Encomiums Paid Miss Elinor Wolf of The News-Times Staff.

"One of the most promising literary girls of the state is Miss Elinor Wolf, who is a newspaper woman with more than state-wide reputation," said Mrs. Rose Grimes in her talk to the literature department of the Woman's club Monday afternoon, in her talk on "Indiana Women As We Go Marching On." The speaker praised Miss Wolf's work most highly and said that South Bend may be proud of her and expect great things from so wonderful a mind and ready pen. Miss Wolf is Sunday editor of The News-Times. Mrs. Grimes mentioned many other literary women of note in the state, including South Bend and Mishawaka. Among the Mishawaka women who have contributed to the literature of the city, state and nation were Rose Hartwich Thorpe, Mrs. Carrie V. Sherwood, Mrs. Elton P. Whipple, Mrs. C. E. Parer, Mrs. Marion B. Niles VanPelt, Miss Mary Breyer, the C. L. S. C. society and Beatrice Harmon. The speaker explained that the C. L. S. C. was one of the early literary societies of the city that had many active members who produced good material. One of the members was Mrs. M. V. Beiger, a woman of letters, and Mrs. E. G. Eberhart, lecturer. The speaker concluded with noting the splendid advantages that the high school students have in the teaching at their school, and that the "Mishawaka" put out every year by them, was excellent training, from which their literary talents might be broadened.

Previous to this talk, Mrs. H. A. Moran gave an interesting paper on "Indiana Women in Art." Mrs. Moran took her audience in a grand stand to view a centennial procession. First came the savage Indians, then the French, the Jesuit missionaries, the English, and George Rogers Clark who paved the way for the pioneers, and so on to the poets, painters, sculptors and musicians. Mrs. Moran's paper brought out the artistic talents of the pioneer women, who did their own weaving, quilting and designing. Yet the greatest of artists were the "mothers of the state" for their work was eternal.

At the business session the annual reports of the department were given. This was the final meeting of the year and the program was extremely interesting.

## GREAT DOUBLE BILL AT THE LINCOLN TODAY

A splendid double bill will be presented at the Lincoln theater today when Wilfred Lucas will be seen in "Acquitted." This is a new Fine Arts Triangle play, and is said to excel anything that has ever been presented before. Lucas has an entirely different role than that he had as a rich working in the Lincoln play, "The Lily and the Rose." In "Acquitted" he has a more sympathetic part as a home-loving, hard-working bookkeeper in an insurance office in a small town. The story is a thrilling one, and is in the nature of an expose of the brutality of ignorant police officers in exhorting confessions by the "third degree" method from innocent prisoners. "He Did and He Didn't," a hilarious Keystone comedy, with Koscoe Arbuckle and Mable Normand in the title roles, will also be shown at the Lincoln tonight. In the role of a jealous husband, Arbuckle has numerous adventures with Mabel Normand as the wife and William Jefferson as her old school friend. There is a laugh with every thrill and the thrills are numerous throughout the play.

Mrs. Louise Otterstein was pleasantly surprised Monday afternoon in honor of her 75th birthday anniversary by the Ladies' Aid society of the St. Peter's Lutheran church at the home of her daughter, Mrs. W. E. Meiser, 233 W. Battell st. The afternoon was spent socially. A luncheon was served.

To add to the surprise of the day 30 relatives of Mrs. Otterstein gathered at her home in the evening to help celebrate the occasion. Mrs. Otterstein was the recipient of a number of beautiful gifts.

## REGRET NUNER'S LOSS AS SUPERINTENDENT

Man Who Goes to South Bend Has Been Here For 14 Years.

When it became known today that Supt. John F. Nuner, superintendent of public schools in Mishawaka, had been appointed to a like position in the South Bend schools, congratulations were extended to Mr. Nuner, while others expressed their regret that one so universally popular should have cast his lot in South Bend. While Mishawaka will be sorry to lose him, it is felt that the increase in salary is no mean inducement for Mr. Nuner to accept the position. His salary in Mishawaka is \$2,400 a year, while his new position pays \$3,800. He has been superintendent of the local schools for the period of 14 years.

## ANOTHER CEMETERY IS AGAIN SPOKEN OF

Still another cemetery project is mooted for Mishawaka, and it is understood, an effort is being made to sell stock in this latest proposition. There have been so many such schemes before the public recently, that no surprise is occasioned when a new one crops up once in a while. Options on land for such purposes have been secured on so many properties around the city that nearly all the available land has been tied up, temporarily at least. In the meantime the present cemetery is all but filled, there being but one single lot remaining. Fortunately there have been no deaths here for several days, else it is probable that burial would have to be made in South Bend.

## REXALITES WILL MEET HERE NEXT THURSDAY

The semi-annual meeting of the "Rexalites" of southern Michigan and Northern Indiana will be held in Mishawaka Thursday next, and the local members of the order, Messrs. French and Thomas, proprietors of the Red Cross pharmacy, are laying elaborate plans for the entertainment of the delegates. Just what line of entertainment will be furnished is being kept a strict secret, but enough is known to warrant belief in a line of surprises that will undoubtedly be unique as well as enjoyable. The afternoon will be devoted exclusively to business and in the evening there will be a banquet in keeping with the spirit of the occasion. Several prominent speakers from Boston, Indiana, and other points are down on the program. Two of the addresses will be delivered by Samuel Hartford, Indianapolis, and Albert Bleumawer, Greenfield, Ind.

## MEN THROW STONES AND LAND IN JAIL

Two Hungarians claiming to be brothers but giving the names of Julius Gall and Steve Nemeth were arrested by Patrolman White at the corner of Lawrence and Christyann sts. Monday night about 9 o'clock. When White went to the corner in answer to a complaint sent to the police station, he found one of the men in the act of hurling a stone at the house on the south-west corner, while the other was conducting a diligent search of the roadway for more ammunition. Both men were brought to the station and booked, but could give no intelligent or understandable answers to the questions of Sergt. Ochampaugh or Officer White. They will be arraigned in police court Tuesday morning.

## KNIGHTS OF THE RAZOR ENJOY FESTIVE TIME

A healthy fraternal spirit is being developed among the members of the barbers' association, which meets once a month at a business session which is followed by a banquet. Monday night 22 of the leading tonsorial artists of the city met at the Powell barber shop and transacted a deal of routine business. Following the disposal of this part of the evening's program, they adjourned to Rose's restaurant where they partook of a sumptuous repast which comprised all the delicacies of the season. These gatherings are doing much to foster a spirit of camaraderie among the city barbers, which might well be emulated by other branches of business in the city.

## FRIENDS SURPRISE MR. AND MRS. BONER

Mr. and Mrs. James Boner and daughter, Miss Minnie Boner, 121 E. Sixth st., were pleasantly surprised Sunday by a number of their relatives, who came in to spend the day. At 1 o'clock a sumptuous dinner was served by the guests. The afternoon was spent in social pastimes, musical selections being the feature.

Among the guests were Mr. and Mrs. Jacob Bollenbacher, Wakarusa; Mr. and Mrs. Frank Boner and daughters, Dorothy and Kathryn; Tamarack; Mr. and Mrs. Clarence Fulmer and sons, Harold and Frank, and Miss Grace Phillips of Coalbush.

## GIVEN SUSPENDED SENTENCE.

John Horvick, whose trial on a charge of intoxication was postponed from Monday morning until Monday night, was released under a suspended sentence by Judge Feig when arraigned.

## BEGIN CONSTRUCTION OF MUNICIPAL FIELD

High School Athletic Field Will Soon Be Completed. Students Happy.

After a year of work and boosting of the project as every opportunity, Mishawaka high school students were sent into the seventh heaven of delight Tuesday morning by the sight of Street Commissioner Charles Doolittle directing a force of workmen who are clearing a space for the municipal athletic field in Lincoln park.

Lack of a proper place to hold sports and games has always been a wet blanket on athletics in the local school. When the new field has been put in shape, which, however, will probably not be for at least two weeks, spring sports are sure to boom, and as the locals have good material, the fame of the school should be increased.

A quarter-mile oval enclosing the fields for baseball and football will be constructed around the field, and it is probable that stands will be erected for the benefit of the spectators.

When completed the track will be one of the finest high school tracks in Indiana, as it will have a cinder top layer over a bed of good gravel. It will be 16 feet wide on the turns and 18 feet on the straightaways.

Track activities will start as soon as the weather warms up enough to keep the men from catching cold while working out in their light costumes. Coach Davis is expected to turn out a first-class squad this year as most of the veterans of last season will be on hand for the first call. Stebbins, one of the best milers ever turned out at the local institution, is expected to pull points in every meet in which he competes this year, while Snyder is also looked upon to give a good account of himself in the distance runs. Material for the shot and discus events promises to be better this year than ever before.

## STONE THROWER GOES TO JAIL FOR 15 DAYS

Julius Gall and Steve Nemeth, arrested Monday night charged with throwing stones at a house on the corner of Lawrence and Christyann sts., were arraigned before Judge Feig in police court Tuesday morning and pleaded not guilty to the charge.

As this was Julius Gall's second offense, the first one that of breaking a window by throwing stones, he was given a fine of \$5 and costs, a total of \$15, and was sent to jail to lay it out. Steve Nemeth drew a suspended sentence of 15 days.

When given his fine and told he would have to lay it out, Julius laughed, but the judge assured him he wouldn't laugh much during his 15 days in jail.

## MARCH QUIET MONTH FOR POLICE AND FIRE DEPTS.

March was a rather quiet month for the fire department, while no unusual activity was reported in the police department, according to the monthly reports of Fire Chief Buysse and Police Chief Kreiter, submitted to the board of safety and made public Tuesday morning. The following report was made by Chief Buysse: Number of fires, 14; feet of hose laid, 809; number of gallons of chemical used, 43; number of miles traveled, 227-10.

Chief Kreiter's report was as follows: Assault and battery arrests, 2; cruelty to animals, 1; drunk, 17; gambling, 4; grand larceny, 5; keeping gaming house, 1; suspicion, 2; vagrancy, 1; speeding, 1; false pretense, 1; riding motorcycle on sidewalk, 1; raising chickens, 1; value of stolen property returned, \$136; dogs shot, 5; lodgers, 160.

## OBJECTION IS RAISED TO MAYOR'S ACTION

Some talk has been occasioned by the tilt between Mayor Gaylor and City Engineer Charles Cole at the board of public works meeting Monday. Some of the members of the board resent the mayor's action in vetoing the introduction by the city engineer of a resolution calling for the pavement of the alley east of Fred Rankert's garage, east to First st. They contend that the mayor was entirely out of order as the engineer is only responsible to the board for any action he may deem worthy of introducing before that body. It appears now that the board would have acted favorably on the engineer's resolution, but for the notice to adjourn made by a member who evidently saw the beginning of trouble between the chief executive and the engineer, who was beginning to get "hot under the collar."

## MISHAWAKA MAY FORM ROUND TABLE FEATURE

Members of the Business Men's association will hold their second weekly luncheon at the hotel Mishawaka Thursday at 12:30. So successful was the initial gathering last week, that this feature of Mishawaka's mercantile life will be made a permanent institution. Hereafter, it is probable that these affairs will be held at 8:30 in the evening. It is felt that a larger attendance would result in a change of the hour, as business men would be enabled to go to the hotel immediately on leaving their stores, and would have more time to discuss matters likely to come before the association. It has also been suggested that a round table be formed in this connection, which idea, if carried out, would undoubtedly prove popular in Mishawaka.

After the stockholders' meeting the directors met and named the following officers: President, Joseph A. Colbert; vice presidents, Joseph A. Colbert and G. B. Williams; cashier, W. E. Butterworth; secretary, John M. Reese. The dividend checks for the year were delivered, and the reports were all of a most gratifying nature, and regarded as eminently satisfactory.

## PEACEFUL PRESIDENTIAL SITUATION IN ILLINOIS

No Contests in Primaries—Social Situation Tangled.

International News Service: CHICAGO, April 11.—A peaceful presidential situation, and a local situation unprecedented for bitterness and factional fighting, confronted Illinois voters today, when they went to the polls to decide the primaries.

Prest Wilson's name was the only one on the democratic ballot, and Sen. Lawrence Y. Sherman, "favorite son," had things all his own way on the republican side. There was no progressive candidate, due to Col. Roosevelt's refusal to allow his name to be put on the ballots.

Both parties were badly split locally—the democrats under the banners of Roger Sullivan and the Dunne-Lewis-Harrison faction; the republicans divided their allegiance between Mayor Thompson and former Gov. Deeney.

Besides the 58 delegates to each of the democratic and republican conventions, 52 delegates were to be elected to the progressive convention. Others to be elected were: Twenty-five state committeemen for each of the three parties; 35 ward committeemen for each of the three parties; 41 precinct committeemen in the country towns of Cook county, and approximately 2,000 precinct committeemen in down state counties.

Because of the lack of interest in the national situation, one of the lightest votes on record was predicted today by the leaders.

Predictions of victory are made by all factions.

## LIQUID FIRE ATTACKS REPULSED BY FRENCH

International News Service: PARIS, April 11.—Attacks with liquid fire were launched by the Germans last night on both sides of the Meuse river, in the sector of Verdun.

These attacks were thrown back with bloody losses, the French war office stated in an official communiqué today, except on the east slope of Le Mort Homme (Dead Man's hill), northwest of Verdun, where the Germans were able to occupy a few trenches.

German masses were sent against Dead Man's hill following a violent bombardment. The Germans were mowed down by the machine gun and artillery fire of the French, but on the east side of the hill they were able to penetrate a few of the French trenches.

South of Douaumont, northeast of Verdun, the crown prince again hurled his men against the French positions, but they were repulsed, suffering bloody losses.

On the Douaumont-Vaux front the German guns concentrated a terrific fire against the French positions. Fighting over a 12-mile front, northwest and northeast of Verdun, has now been continuous for several days, the Germans driving home assault and assault in an effort to weaken the French lines.

When the Teuton soldiery was not being thrown against the French lines the German guns were pounding away, but the stout-hearted French resistance has proved equal to the emergency.

To the west of the Meuse the German attacks were made against the eastern side of the modified salient which is represented by Hill No. 294.

Despite German claims the French still hold the crest of the much-disputed Dead Man's hill. The trenches which the Germans captured on Sunday on Hill 295 are nearly half a mile from the summit of Le Mort Homme.
